604N/605N Balers

:30 Second Radio:

Vermeer balers are known for durability and longevity. So when designing the new N-series balers -- that's where we started.

Heavy-duty components provide superior strength and resilience.

Smart features like the available automatic pickup clutch and optional auto-lube greasing system help extend machine life -- and the E-Link Pro Display puts bale weight and moisture readings at your fingertips.

Plus, N-series balers are backed by the best distribution network in the industry.

Bottom line: Vermeer 604N and 605N balers are durability redefined.

Come see us today at _____ in, _____ and ask about the new N Series balers from Vermeer. Equipped to Do More.
