Vermeer SBW8000/SBW8500

:30 Second Radio:

Want to turn high-moisture bales into individually wrapped high-nutrition packages?

Vermeer single bale wrappers can let you bale sooner, more often, and on your schedule.

An in-cab control system lets you wrap bales with the push of a single button — while displaying field stats on a color touchscreen.

Pre-stretchers help plastic film cling to each bale to keep air out and protect your high-quality baleage.

Come see us today at _____ DEALERSHIP _____, in _____ TOWN _____ and ask about Vermeer single bale wrappers.

It's all about baleage.
